

MONROE CITY DEMOCRAT.

VOLUME XXIX.

MONROE CITY, MO., THURSDAY, NOVEMBER 2, 1916.

NUMBER 31

Three Times Each Week.

The Democrat greets you today as a newspaper published Three Times Each Week—Thursdays, Saturdays and Tuesdays. In this way our readers will get the news more often and our advertisers can present their bargains more often and to a better advantage. Then again much of our advertising copy was not brought in until press day thus making the force work late at night. In the three times a week we believe that advertisers will select different days and that in this way we will not be forced to work such long hours at the office. Then the advertiser can follow his advertisements in series. Our press and machinery being such that to publish two times a week would require considerable of an investment for new material is our reason for making the three issues. We hope our patrons will be pleased with the change.

Gov. Gardner Here.

Col. F. D. Gardner Democratic candidate for Governor, made a splendid speech at the opera house Monday afternoon and made many friends. This is Col. Gardner's first visit here and all who heard him were favorably impressed. He handled the questions of the hour in an able manner. Col. Gardner is a successful business man, will make Missouri a Governor who will go down in history with a record of having accomplished much for all the people. He stands for the good of all the people.

Soldiers Still For Wilson.

Last week when the special train with Chas. W. Fairbanks and party was here, the statement was made that the soldiers on the border were displeased with President Wilson and tales that would anger any true citizen were told. We did not say anything last week but we got busy and after interviewing parents who have boys on the border and some who have even been into Mexico, we feel that we are justified in saying that the Judge's story was campaign dope. Wm. F. Waller who inlisted at Hannibal last summer and left there the 21 of June, was in this city Saturday. He has been in Laredo, Texas and when we asked him about conditions, said he could speak for his Company and that they were strong for Wilson.

Evan Green has been in Mexico. He has not seen Carranzas soldiers insulting our flag.

Jas. Lee Hayden belongs to the Second Missouri Cavalry. He is at Nogales, Arizona. He has already served six years and is enlisted for three years longer. Eighteen months was spent in the Philippines. His father says he is an enthusiastic Wilson man.

Stanley Starrett, who is at El Paso is not old enough to vote, but we were given to understand that if he could vote it would be for Wilson.

Harold Davenport is still in Texas. The family have heard nothing of him along the line presented at the depot last Wednesday. They assured us that it is safe to say he is still for Wilson.

Edgar McCann wrote home recently and asked if it looked favorable for Wilson's re-election and said that if every body was like the people down there Wilson would surely be elected. Edgar is stationed at Llano Grande, Texas. We feel sure the Judge exaggerated when he told his story of conditions on the border.

Marriage is a voyage of discovery.

REASONS FOR RE-ELECTION OF WILSON.

1. Because he has kept the peace.
2. Because he has abolished invisible government, dispersed the corrupt lobby and restored the Government to the hands of the governed.
3. Because he prefers construction to destruction.

24. Because he has said, "suffer little children to come out of the mines and the mills and the sweatshops."

In Blessing Hospital.

Mr. and Mrs. M. I. Aye went to Quincy Saturday and the latter entered blessing hospital for treatment. She has not been well for some time and it was feared for a while that an operation would be necessary. They think now that perhaps with proper treatment this may be avoided.

Bert Emerson Reported wireless Message.

Friday night a message written by President Wilson was started from station at Rock Island arsenal and was relayed by amateurs from coast to coast. Each station operator was to make one mistake in sending the test was to see how the amateurs would catch the mistakes and how nearly correct the message would finally be received.

The message was to be signed by the postmaster and sent in.

Bert Emerson received the message at 10:10 and it was signed at 10:30. It read as follows:—

"I neither seek the favor nor fear the displeasure of that small alien element amongst us which puts loyalty to a foreign power before loyalty to the United States."

When compared with the original which was published in the Saturday papers we found that Bert's copy was without a mistake.

We understand that Russel Longmire also received the message but he did not report it.

Wireless telegraphy is a late thing but a number of our young people have taken it up and are able to both receive and send messages. That Bert's message was without error shows what he can do.
